# BEGIN BUYING HORSES TODAY

COLD, RAW DAY.

Vesterday and the Equipment of the National Guard—Attempt at Target Practice Defeated By Rain —A Cold, Raw Day at the Camp—Military Notes From Fort Doug-law.

It was cold and raw during the most of the day. The men were shivering in their quarters most of the divides an offset to the cold the cook served peoper sauce with the beams. It was a hot dish. The boys appreciated the favor and any time the cook gots cold have agreed to warm him up in any familion he may elect.

The cavalry will begin dralling with sabres and carbines today and counting able fun may be expected for a time. But the boys will get there it will not take Boys Were Equipped With Uniforms

Yesterday was not only a busy day at Camp Kent, but also a busy one at the state armory. Acting under orders received from the war department, the officers of the guard and the volunteers combined to take enough of the equipment in the possession of the state to uniform the volunteers and equip them for the field, with the exception of the shoes and underclothing, which is allotted by this government. Captain Came and Sergeant Cobb of the volunteer cavalry troop acted for the cavalry, and Second Lieutenant Webb of the arillery stood spongor for the artillery, while Lieutenant Carter of D company checked. The cavairy troop was outfitted with carbines abbrea, houses, trousers, hata and cape, and also with havorsacks, and cantens. The plates, knives forke cope and spoons were aine added to the service is short on sabres, on account of the minumber of non-commissioned officers, but in asmuch as the batteries go from here as four-guin batteries, this will not make such a great difference.

BOUIPAGE TRANSFERRED.

The captage was all transferred to Camp Keni has evening, and this after non-when the visitors get out there, they will see the men looking like soldilers. The work of transporting the stind and seems of the men work will be on guard.

It was expected that the troops would move wany from here in a day or two, but judging from recent developments it will not be before next wesk, and captain the service for the wants of the men would move wany from here in a day or two, but judging from recent developments it will not be before next wesk.

Captain Young yesterday received the following telegram from the adjutant general at Washington:

Captain Visiting the screen of the men way from here is a day or two, but judging from recent developments it will not be before next wesk.

Captain Young yesterday received the following telegram from the adjutant general at Washington:

Captain Visiting the secretary of warm in the proposed of the captain from the adjutant general at Washington:

Captain the free from the adju

Captain Young yesterday received the folioveing telegram from the adjutant general at Washington:
Captain Young washington:
Captain Home Washington:
Experiment of the secretary of war, you will proceed at once with two batteries and one troop of cavalry to San Francisco, Cal., and report to the communiting general there. Upon receipt of this order you will at once communicate with the chief quartermaster at Denver for the necessary transportation, and with the chief commissary at Denver for ten days field rations and the necessary travel ration and coffee money. The quartermaster general and commissary at Denver to provide transportation and rations and coffee money. Telegraph day of departure to commanding general at San Francisco, also to this office, specifying the amount of tentage and amunition taken with you. Acknowledge receipt.

Adjutant General.
This was followed by the following.
Captain Richard W. Young.
The chief quartermaster at Denver has been directed to make all night of the particles, and to confer with you as to details, and to confer with you as to details.

Quartermaster General.
The receipt of these telegrams indicate it will be several days more see a start can be made. Lieutenants Dashiell and Wells were authorized to make purchases of horses, and last evening the following notice was prepared by them and ordered published:

KIND OF HORSES WANTED. is making a heroic effort to keep the orsanization alive, with good chances of
success.

In the event of a transfer to another
battery to the command now here, it is
expected that Captain Richard W. Young
will be promoted to major of the same.
This selection would meet with general
approval. It would also make a vacancy
in the captains, which would doubtless
be filled by Lieutenant Gibbs.

Many presents are being poured in upon
the volunteers by their townstolks. The
Park City boys each received a badge
bearing the inscription, "To Hell With
Spain-Remember the Maine." The
Bountiful boys received small Bibles,
made for camp usage. Cash presents
were received by many volunteers, the
result of testimonial entertainments,

# SPECIAL RATE MADE BY THE

SOUTHERN PACIFIC.

Delegates Appointed For Pomona Cal., and Idaho Springs, Colo.-Gathering In the Exhibit.

passenger department yesterday noti-fied Secretary Johnson of the Mining Congress that the single fare round trip rate on that road will be extended to cover all Nevada points, as well as to cover all Nevada points, as well as California. Touching the request that the seiling time be allowed to cover two days instead of one, the general passenger agent surs that the travel to the congress will necessarily be on the two trains which reach Ogden on the evening of July 5, or on the moraling of the 6th, so that the conditions will be met practically, although those two trains will both leave San Francisco on the same day, one in the morning and the other in the evening. Twenty days is allowed holders of tickets for the round trip—the same time limit as is applied by the Western Passenger association on congress tickets.

Advices were received of the appointment of delegates from Pomona, Cal., and Idaho Springs, Colo. The Fomona delegates, appointed by C. P. Patterson, president of the board of trustees, are as follows: D. C. Lane, Fred J. Smith, John Lopp, S. T. Owen, Edwin Pratt. The Idaho Springs appointments are by J. J. Sherwin, president of the board of trade, and include J. J. Elliott, John Owen, J. H. Shepherd, George Riley, F. A. Moss. The Los Angeles board of trade also sends word that its delegates will be appointed very soon by the president of the board. J. H. Wootton, who is collecting the Utah mineral exhibit for the congress, writes Secretary Johnson that he has secured samples from all of the big properties at Mercur, except those on Llon hill, and they will send in their exhibits as soon as they receive directions from the Salt Lake offices of the companies.

It turns out that the injuryareceived by Advices were received of the appoint-

companies.

It turns out that the injurysreceived by Herman Grether, who was shot in the leg on Saturday night, May 8, during the local celebration of Admiral Dewey's victory, is much more severe than was at first supposed. Mr. Grether was hit in the leg by the wadding from a cannon while in front of the Dooly block. He is a poor man, has a large family to support, and had been out of employment for some time when the accident occurred, so that his situation is very unfortunate, as he will not be able to be out for some weeks. It has been suggested that a collection be taken up for the unfortunate man.

Scramble For Gold.

London, May 16.—The St. James Gazette in its financial article this afternoon says: Russia today is said to have completed the purchase of the whole of the recent arrivals of gold from the Cape. Such a transaction is exceptional, as a considerable time has elapsed since Russia entered the English market. With a new buyer, in addition to the United States, gold should shortly be higher. Russia paid 77s 9%d, but if the United States demands had not temporarily ceased it is questionable if the price would not have been above 77s 19d. It is thought Russia will buy frequently hereafter. If so it will be another indication of the political wind.

## UTAH'S ROUGH RIDERS.

TAKEN TO FORT RUSSELL FOR EXAMINATION YESTERDAY.

Twenty-two Men Go Through All A NATIONAL CASH REGISTER on easy payments. Cheap. Address, B. O., care Herald. Right, and It Is Believed That Every Man Will Be Accepted.

WHEN THE END CAME.

Was Known Throughout the State
As a Scholarly, Large-hearted Man
—Was a Member of the Last Board
of Education—Came to Utah In
Pioneer Days—Prominently Connected With Railroading.

George G. Bywater, who was widely known throughout this state, died suddenly while scated at the dinner table at his home, at 12:10 yesterday afternoon, of apoplexy.

The news of his death spread rapidly, and was a profound shock to all who knew him.

WAS ENTIRELY UNEXPECTED—It seems that Mr. Bywater came up town during the forenoon and was in his usual health and vigor. He transacted some business and returned home in the "Welsh Settler," Saturday night and matinee, May 21; New Grand theatre.

(Special to The Heraid.)

Cheyenne, May 16.—The Utah and Nevada troops for Torror's resiment for voinneer and severy reached Cheyenne this afternoon, and were taken immediately to Fort Russel over the Cheyenne & Northern. The First regiment band, W. N. G., met the troops there and escorted them to their quarters in the barracks formerly occupied by the Elight United States infantry. Major Munn, sureon of U. S. A., and Voinneer Surgeons Barber and Jestrum, appointed as physical examinations at once. The Utah troop was taken first, and at 6 o'clock, when work for the day censed, 27 men had been examined and every one accepted.

Major Munn said he never saw a better looking class of men in his life, and he believes every man of the Utah troop will successfully pass the examination.

Tomorrow the accepted troopers will be equipped in full regulation uniform, and the work will be continued as fast as the men are accepted by the board.

Remember the "welsh Settler," Saturday night and matinee, May 21; New Grand theatre. (Special to The Herald.)

BIOGRAPHICAL.

George Gwillym Bywater was born in Bedweilty parish. Glamorganshire, Wales, on Nov. 15, 1828, and early displayed that desire for knowledge and the faculty of acquiring it that characterized all his life. He accepted the Mormon faith in Wales and came to Utah in 1854, residing first in the Sixth ward. Here he engaged in the watchmaking business with Mr. Offenbach, who was the first watchmaker in the state. He followed mechanical pursuits, and soon became recognized as an authority in such matters. He next took up railroading, and was the second conductor ever employed on the Utah Central. Next he became an engineer on the Utah Southern, and, advancing in his vocation, became master mechanic of the Utah Central. He resided for some years in Provo, and was prominent in public affairs there. For some years past he had been in charge of the machinery at the Sait Lake temple, relinquishing that position recently for other business.
